### Smart Print Capture

Course Title: SMART Boards in Education (Beginner)  
 Course ID: ETAC 716 section 004  
 Start date: 7/23 and date 7/24 8:00am - 4:00pm  
 Location: Appleton  
 Credits: 1 graduate credit  
 Instructor: Joanne Brennan  
 Phone: 414-418-3958  
 Email: joanneb@viterbo.edu

**Description:**  
 Learn the interactive benefits of the SMART Board through hands-on experience. Increase your skills and knowledge in using SMART Boards as a tool in student learning and in addressing the multiple learning styles of students. Gain a thorough understanding of how to use a SMART Board and the Notebook SMART Board software and develop lessons to enhance your existing curriculum integrating SMART Board technology.

**Wisconsin Teaching Standard addressed (9) (b) (7) prerequisite: a basic understanding of the Internet and MS Word**

**Objectives:**

- Educators will learn how the SMART Board works
- Educators will learn how to use the Notebook Software for interactive lessons
- Educators will learn to use the other tools, SMART Recorder, SMART Video Player and Floating Tools for effective lessons
- Educator will become familiar with the online tools

## Main Tabs to Know in SmartNotebook

**Page Sorter** allows you to see the order of the pages you have created.

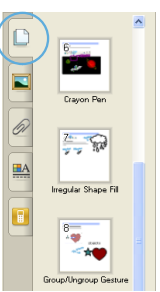

**Gallery** opens up the powerhouse of Samples, Tools, and My Content you have saved.

**Attachments** allows you speedy access to documents or items you may wish to use in your presentation.

**Properties** allows you to set line and text colors, fill effects, page recordings and object animations such as fade or flash..

Main Tabs

## Pages

See and sort your pages

Use the Page Sorter tab to jump to a page by selecting its thumbnail, or reorganize your pages by dragging them into a different order.

back

Pages

## Gallery content

Find content in the Gallery

Find images, videos, sound files, interactive activities, backgrounds and SMART Notebook pages in the Gallery. Just drag and drop to add to your page.

Gallery content

## Objects

**Resize and rotate**  
To rotate, use the green handle.  
To resize, use the white handle.

**Move**  
Press the leaf and drag it to move it around the page.

*Remember*  
To select an object, switch back to Select mode by pressing the **Select** icon and putting down the pen.
